To become a credentialed evaluator of teachers in the State of Ohio, an individual must be properly licensed, or LEA approved as a peer evaluator, participate in the three-day state-sponsored evaluator training, and pass an online credentialing assessment. The three-day state sponsored OTES 2.0 training will provide a better understanding of the OTES 2.0 Framework and Model, allow practice of skills such as scripting, evidence analysis/categorizing and coaching, and allow for sharing of resources and best practices in educator evaluation.
